Review Log – Project Proposal Version 1.0
Author: Aakash Thakkar

Please make the following modifications:

1. None of the content of the document is aligned “Justify”, making the lines uneven.
2. The official size of the document to be written should be 12, which is 14 in the document.
3. The left side margin is broader than the right side, which makes the document bent right side.
4. Try and fill up more details in the Scheduling Feasibility, give reasons for why it is feasible/not feasible.
5. Use table to show the index, the use of “dot” cannot guarantee co-ordinated lines.
